- **List of programmes offered:**
  - Undergraduate: click [HERE](#).
  - Master: click [HERE](#).
  - Doctorate: click [HERE](#).
- **General Admission requirements:** click [HERE](#).
- **General arrangements for the recognition of prior learning:**

The Miguel Hernández University of Elche attempts to facilitate students who apply for admission by partial validation of their foreign studies by learning about the status of their application.

Who is this directed towards? It is directed towards students who wish to continue their education at the UMH in the same degree program that they began at a foreign university. These students are eligible:

- Students who have partially completed their university education at a foreign university.

- Students who have completed their studies at a foreign university and received the corresponding degree and applied for its homologation but was denied.
- Students with completed foreign university studies who have received the corresponding degree and renounce homologating such studies.

- **General registration procedures:**

If you would like to attend the UMH as an exchange student but no bilateral agreement exists between your university and the UMH, please contact those responsible for international relations at your university in order to establish one. At the UMH, you must contact the Vicerrectorado de Relaciones Internacionales (Vice-Rectorate of International Relations) by e-mail to [vdo.relinter@umh.es](mailto:vdo.relinter@umh.es) or by calling +34 96 665 8522. A list of the centers where agreements presently exist with the UMH can be found in the “International Partners” section of this website.

If you have been chosen for a stay at the UMH, your university must inform the International Relations Office (ORI) of the UMH, which will contact you via e-mail to provide you with all the necessary information. Before arriving at the UMH, you must send the following documentation, properly filled out and signed by both you as well as by your ERASMUS coordinator:

- Application Form.
- Learning Agreement.
- One passport-size photograph.
- One copy of your national identification card (for EU members) or a copy of your passport (for citizens of countries outside the EU)
- One copy of your health insurance, whether it is private or the European Health Insurance Card

If you are interested in studying at the Miguel Hernández University of Elche for a determined period of time (a minimum of one semester and a complete academic course maximum), and you do not participate in any exchange program at your university, you can have an academic stay at the UMH as a “visiting student”. In order to do this, you must request admission from the Unidad de Acceso, Becas y Atención al Estudiante (Unit of Access, Grants and Student Attention). In case you are accepted, your UMH stay will not suppose official academic recognition of the prior education you have already completed, and that which you take at the UMH will have an exclusive formative character, independent of the academic recognition it may receive at your university of origin. If you are accepted as a “visiting student”, you will receive accredited certification that will serve in processing your visa.

For the purpose of registration, “visiting students” will pay the fees that are duly established for each academic course, and must guarantee that they have a contingency to cover illnesses or accidents that may occur during their period of stay at the UMH. Registering as a “visiting student” will allow you to take advantage of the UMH installations and services.

“Visiting students” may take midterm and final examinations and earn the corresponding grade, which will appear in a specific certificate. To show UMH residence and the results obtained, you may request a Certificate of Achievement from the University Secretary General if you pass the examinations.

- **ECTS credit allocation based on the student workload needed in order to achieve expected learning outcomes.**
  - 1 ECTS credit is 25 hours of student workload including:
    - Practical lessons
    - Theoretical lessons
    - Seminars and workshops
    - Exams and homework checkup
    - Tutorship
    - Individual study and work
