INTERNATIONAL INTERNSHIP PROGRAM

What?

- Access to a **PROFESSIONAL ENVIRONMENT** in either academia or business.
- **GUIDED BY** a professional tutor and Buddy program with local student.
- Development of leadership and **PROFESSIONAL SKILLS** in the selected area.
- **FULL ACCESS** to university services.
- Intensive **SPANISH LANGUAGE COURSES**.
- **VISITS** to companies in the most representative industrial sectors of Alicante.
- Participatory and shared **ACTIVITIES** with other internship students.
- **CULTURAL AND LEISURE** activities in the province of Alicante (several locations).

... All this on two types of on-campus internships:

Internal internship

An Educational and monitored experience to gain knowledge and skills related to an academic field of study.

The student must register for a course that provides at least 1 ECTS credit.

External internship

A supervised learning experience at a spin-off or startup company at the UMH Scientific Park.

Combined with the University Expert in Professional Competencies, Employability and Entrepreneurship program.

Where?

Department, institutes and administrative services

Communication Engineering, Mechanical Engineering and Energy, Institute of Bioengineering, Institute of Molecular and Cell Biology, Communication Service, Service of International Relations.

UMH Scientific Park

Aerospace, Optical and photonic technologies, Renewable energy, Social network development, Language teaching and management of Scientific Park.

... And also

Attractive training, cultural, and leisure one-day activities (workshops to promote your talent, entrepreneurial training activities, visits to Orihuela, Elche or Alicante, activities with other internship students) and **Spanish language and cultural immersion** (optional).
