

2020-2021 SCHOOL YEAR

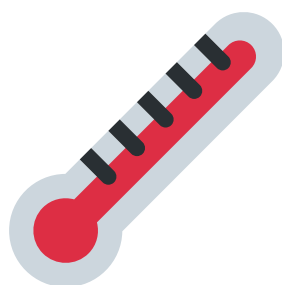

SAFETY MEASURES

WILL CLASSES THIS YEAR BE FACE-TO-FACE?

Classes for the upcoming 2020-21 school year will take place within the **classroom as much as public health conditions permit**, and guidelines issued by the health authorities will be followed at all times. Course faculty will keep students informed about the manner that classes are taught.

I HAVE TESTED POSITIVE AND/OR AM QUARANTINED FOR COVID-19

Students who are COVID-positive or quarantined **may not attend classes**, and they are to follow the same procedures as they would for any other illness. They must contact their course instructors and **inform them about their particular situation**.

WHAT IF I FEEL POSSIBLE SYMPTOMS BEFORE ATTENDING CLASS?

Students with symptoms compatible with COVID-19 **may not go on campus**. In these cases, they should contact their health center or call 900 300 555. If symptoms appear **during class**, the student must leave the campus and call their health center.

I HAVE ATTENDED CLASS AND AM COVID-POSITIVE

Any student who has attended a class at the UMH and who has previously tested positive **must contact their health center** or call 900 300 555. They are encouraged to follow this action protocol as indicated by the health authorities: <https://www.msrebs.gov.es/profesionales/saludPublica/cca/yes/alertasActual/nCov/home.htm>

SAFETY MEASURES AND INFECTION PREVENTION

- Classrooms are marked to ensure **1.5 meters of social distancing** and they may **not exceed 75%** of their normal capacity.
- Students must attend class **with a mask**. If they forget theirs, students may request a mask from building concierges.
- **Avoid groups**, especially when entering and exiting classrooms/buildings.
- **Hand sanitizer is available** for students in dispensers placed near building entrances.
- Students must follow the **routes** marked within classrooms and around doorways.
