WHO ARE WE?

26 Letters is a Spanish NGO that emerged when the paths of Salah, a 13-year-old Syrian refugee in Beirut, and Janira, a 19-year-old Spanish student living in Beirut, crossed. Together they created 26 Letters, a loving NGO that unites volunteers from all over the world with vulnerable people residing in Lebanon to write stories that show that sometimes the impossible can come true.

CURRENT SITUATION IN LEBANON

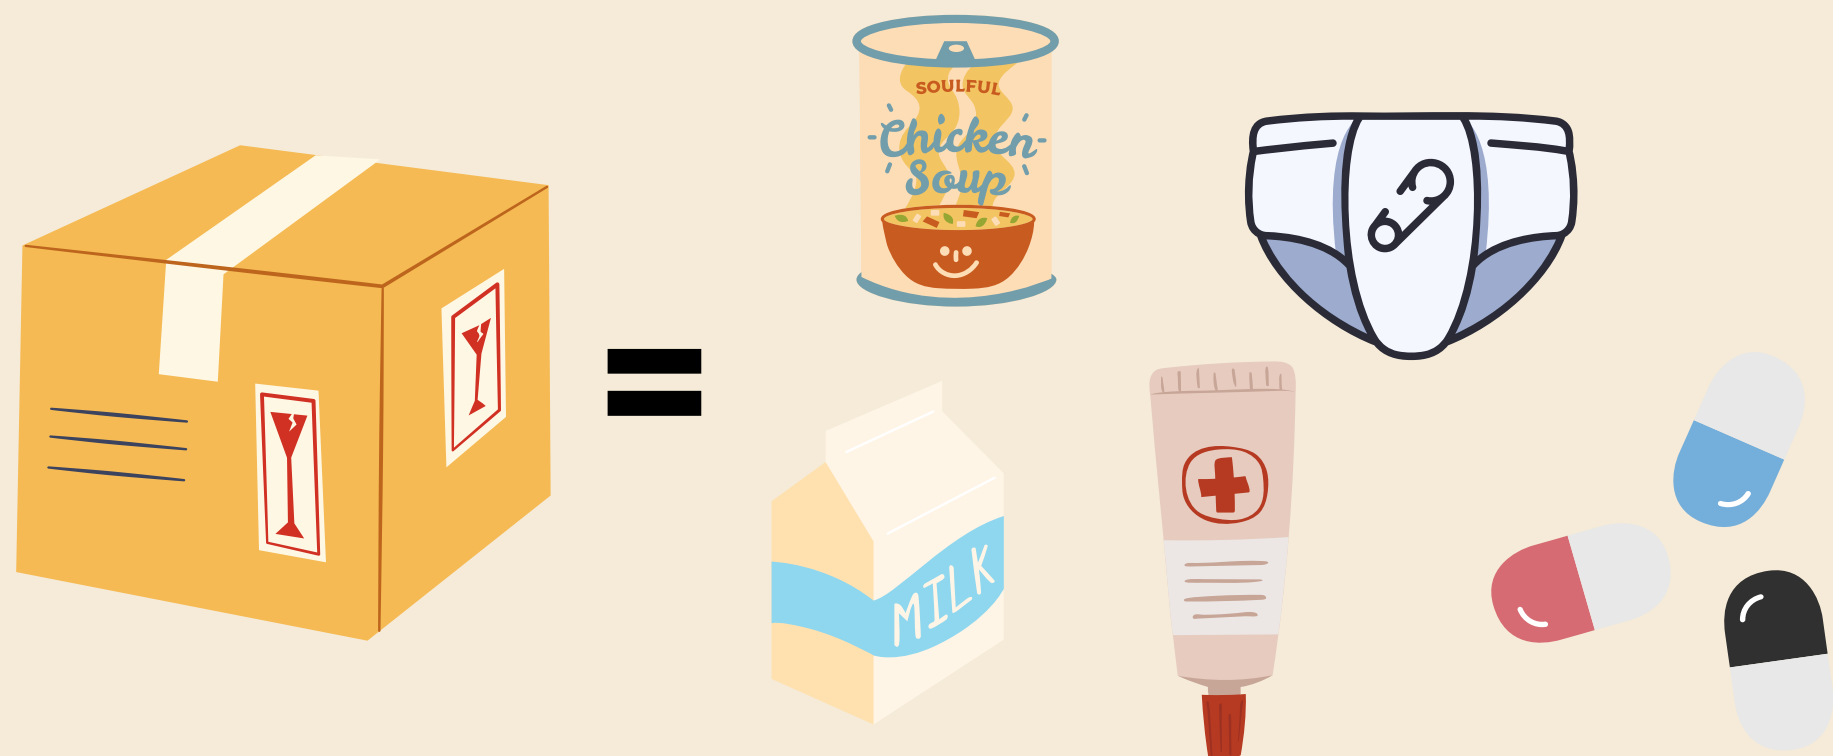

Lebanon has been in great political, social, and economic instability for a long time, to which it has been added, the explosions of the summer of 2020 and the Covid-19 crisis. This has left our students and their families (mostly Syrian) in a situation of genuine vulnerability.

Our families are unable to afford all the expenses and have had to start sharing one-room houses with more families.

This situation also causes the reduction of expenses in sanitary, hygienic, medical, and food products, which only provokes the worsening of the situations of our families.

For this reason, since the summer of 2020, 26 Letter decided to temporarily suspend all its educational projects in order to focus all its resources and efforts on providing humanitarian aid to our beneficiaries.

GOALS

Our long-term goal is to break the cycle of poverty in which our families find themselves through an individualized, comprehensive, and exhaustive support system that covers all their educational and human needs, adapting in an informed and effective way to the particular and changing needs of each beneficiary person. To do this, we will offer the following support services:

**DISTRIBUTION
OF
HUMANITARIAN
BOXES**

**SANITARY AND
PSYCHOLOGICAL
SUPPORT**

**JOB
OPPORTUNITIES**

**EMOTIONAL AND
PSYCHOSOCIAL
SUPPORT**

**EDUCATIONAL

**But to achieve our
